Summary Report for Staff Drill Task
Drill Number: 71-DIV-D7660
Drill Title: React to Civil Disturbance
Status: Approved
Status Date: 17 Nov 2014

Distribution Restriction: Approved for public release; distribution is unlimited.

Destruction Notice: None

Foreign Disclosure: FD1 - This training product has been reviewed by the training developers in coordination with the Fort Leavenworth foreign disclosure officer. This training product can be used to instruct international military students from all approved countries without restrictions.

Drill Data

Proponent: 71 - Combined Arms (Collective)

Drill Type: Staff

Approved: 17 Nov 2014

Obsolete:

Restricted Read: No

Route To TMD Reviewer: Yes

TMD Concurrence: Yes

TMD Comments: Concur: comments fixed

Safety Level: Low

Conditions:

The command receives a report of a civil disturbance in the area of responsibility via mission command systems. The command is conducting normal operations stated within the published operations plan or warning, operations or fragmentary order. The command establishes communications with subordinate and adjacent units, and higher headquarters, and the mission command system is operational and processing information. The command identifies commanders critical information requirements and serious incident report requirements. This task should not be trained in MOPP 4.

Standards:

The staff receives a report of a civil disturbance in the area of responsibility via mission command systems and relays it immediately to unit chain of command, higher, lower, and adjacent units. The staff conducts hasty mission analysis in accordance with standard operating procedures and develops courses of action that meet the commanders intent, conform to local and international law, and follow rules of engagement.

Drill Statements:

WARNING

Follow guidelines within Unit SOP and local regulations.

Safety: In a training environment, leaders must perform a risk assessment in accordance with ATP 5-19, Risk Management. Leaders will complete the current Deliberate Risk Assessment Worksheet in accordance with the TRADOC Safety Officer during the planning and completion of each task and sub-task by assessing mission, enemy, terrain and weather, troops and support available-time available and civil considerations, (METT-TC). Note: During MOPP training, leaders must ensure personnel are monitored for potential heat injury. Local policies and procedures must be followed during times of increased heat category in order to avoid heat related injury. Consider the MOPP work/rest cycles and water replacement guidelines IAW FM 3-11.4, Multiservice Tactics,

Techniques, and Procedures for Nuclear, Biological, and Chemical (NBC) Protection, FM 3-11.5, Multiservice Tactics, Techniques, and Procedures for Chemical, Biological, Radiological, and Nuclear Decontamination.

Environment: Environmental protection is not just the law but the right thing to do. It is a continual process and starts with deliberate planning. Always be alert to ways to protect our environment during training and missions. In doing so, you will contribute to the sustainment of our training resources while protecting people and the environment from harmful effects. Refer to the current Environmental Considerations manual and the current GTA Environmental-related Risk Assessment card. Follow guidelines within Unit SOP and local regulations.

Cue: The command post (CP) receives initial report of a civil disturbance in the area of responsibility via mission command systems.

Note: Follow guidelines within Unit SOP and local regulations.

Coaching Point: Ensure SOP is current. Continue to rehearse this drill until the staff has mastered all steps within the drill.

TASK STEPS

1. The staff member who receives the initial report of a civil disturbance immediately informs the current operations integration cell Battle NCO/Officer, in accordance with unit standard operating procedure (SOP), who will:
 - a. Inform Battle Captain.
 - b. Record entry into event log on mission command system.
 - c. Monitor for follow-up reports.
 - d. Maintain communications with reporting unit in order to obtain the information in the following format: size, activity, location, unit, time, and equipment (SALUTE).
 - e. Establish primary and secondary means of communication for maintaining contact with reporting unit.
2. The current operations integration cell Battle Captain, in accordance with unit SOP, completes the following actions:
 - a. Inform S3/G3 and/or Chief of current operations integration cell, Higher Headquarters (HQ) and all major subordinate commands of the civil riot or incident via mission command systems.
 - b. Direct liaisons of units affected by the incident to continue to gather and relay information.
 - c. Direct non-involved liaisons to analyze the situation for possible impacts on their units.
 - d. Send SALUTE report to higher HQ.
 - e. Update S3/G3 and/or Chief of current operations integration cell with information from liaisons or higher headquarters.
3. Chief of current operations integration cell or S3/G3, in accordance with unit SOP, performs the following actions:
 - a. Communicate attention in the command post (CP) and announce the civil disturbance
 - b. Inform Commander, Chief of Staff (CoS), and Executive Officer (XO).
 - c. Conduct a hasty mission analysis to identify courses of actions and priorities that:
 - (1) Integrate the intent of the commander.
 - (2) Identify critical socio-cultural impacts to operations.
 - (3) Determine availability of unmanned aerial vehicle (UAV) or other reconnaissance assets to increase situational awareness.
 - (4) Determine host nation and local law enforcement/security forces capabilities concerning their rules of engagement.
 - (5) Determine what group is causing the civil incident, what the group's goals and capabilities are, and what is the group's leader's role.
 - (6) Identify assembly areas and security measures.
 - (7) Identify security measures for key facilities/critical assets (friendly and host nation (HN)).
 - (8) Identify the group's most likely and most dangerous courses of action.

(9) Determine actions needed to resolve the incident peacefully and within the commander's intent, HN and international law, and the desired end-state.

4. The staff contributes to hasty mission analysis and planning:

a. Perform parallel coordination and planning with the division provost marshal office (PMO) and other military police (MP) assets.

b. Confirms rules of engagement (ROE) for outside of the continental United States (OCONUS) and rules on the use of force (RUF) for inside the continental United States (CONUS).

c. Obtains legal guidance from the staff judge advocate on operational mandates, status-of-forces agreements, status-of-mission agreements, and other restrictions.

d. Confirms availability of lethal and nonlethal ammunition and control agents.

e. Identifies the reserve or response forces, medical evacuation areas, and detained person holding areas.

5. The staff briefs the commander, COS, and/or XO on the courses of action.

6. Commander, COS, and/or XO will provide guidance on operations to the Chief of current operations integration cell or S3/G3.

7. Chief of current operations integration cell or S3/G3 disseminates the commander's guidance and supervises execution of guidance.

(Asterisks indicates a leader performance step.)

TASK MEASURES

1. The staff member who received the initial report of a civil disturbance immediately informed the current operations integration cell Battle NCO/Officer.
 2. The current operations integration cell Battle Captain, in accordance with unit SOP informed all appropriate liaisons and headquarters of the civil disturbance.
 3. Chief of current operations integration cell or S3/G3, in accordance with unit SOP, performed the following actions:
 - a. Communicated attention in the command post (CP) and announced the civil disturbance.
 - b. Informed the Commander, Chief of Staff (CoS), and Executive Officer (XO).
 - c. Conducted a hasty mission analysis that identified courses of actions and priorities.
 4. The staff contributed to hasty mission analysis and planning.
 5. The staff briefed the commander, COS, and/or XO on the courses of action.
 6. Commander, COS, and/or XO provided guidance on operations to the Chief of current operations integration cell or S3/G3.
 7. Chief of current operations integration cell or S3/G3 disseminated the commander's guidance and supervised execution of guidance.
-

Talk:

a.Orientation: The object of this drill is to react to a report of a civil disturbance.

b.Safety: Enforce the unit SOP and local training regulations.

c.Demonstration: Conduct a staff level rehearsal of concept (ROC) drill.

d.Explanation: Refer to performance measures and explain what each staff member must do to react to a report of civil disturbance.

e.Unit Instructions: The Staff is coordinating current operations and receives a report of civil disturbance within the area of operations.

Walk:

1. Continue to rehearse to increase the flow of information and speed of decisions.
 2. Refer to performance measures and have staff members perform their tasks as the leader walks the entire staff through the drill.
-

Run:

a.Run-Through Instructions: The staff should rehearse this drill until they can perform the drill according to the standard and without the drill book or coaching form the leader.

b.Coaching Point: Ensure SOP is current. Continue to rehearse this drill until the staff has mastered all steps within the drill.

c.Performance Instructions: The civil disturbance is halted with the least amount of Soldiers, civilians and property harmed or injured.
